WHO WE ARE

About *Captured Celebrations*

The photo booth and event experience company Los Angeles trusts.

We are not a chain. We are not a franchise. We are a small **Latina- and woman-owned team** that personally runs every booking from first inquiry to last guest, across weddings, quinceañeras, corporate events, brand activations, and milestone celebrations.

01 Founded for the Hosts We Wanted to Be

Liz Colón founded Captured Celebrations in 2023 in La Crescenta, California. The premise was simple: the photo booth experience at most events was forgettable. The attendant was bored, the lighting was bad, the prints felt cheap. Liz had attended enough weddings to know guests deserved better.

Three years in, the company has served over **500 events** across Los Angeles County and earned **91 five-star Google reviews**.

“The most common feedback in our reviews is not about the equipment. It is about the attendant.”

02 What Makes Us Different

The Attendant

Trained on-site, reads the room, moves the line. Engages the grandmother who needs help with the digital copy. Disappears once the booth is running.

The Setup

Custom backdrops, overlays, prints, and lighting designed around your event. Monograms for weddings. Custom AI concepts for brands. Themed touches for quinces.

The Follow-Through

Photos delivered within 48 hours. Galleries archived for one year. Bilingual support for guests and families who prefer Spanish.

03 Recognition

2024 **Best Single Operator** Snappic Booth Mastermind
